BDes in Communication Design
Minor in Human-Computer Interaction
Fall 2018 & Fall 2019 Dean's List

Create animations, a design system, UI flows, print, and more for a pandemic toolkit with mobile, web, and desktop apps. NOVID currently has over 100,000 users.

Assist with teaching sophomore design students software such as InDesign, After Effects, and HTML/CSS/JS; provide critique and guidance with studio projects.

Co-lead a team to create an animated video about CyLab's historical achievements in security and privacy, to be displayed at CyLab conferences.

Design drafts of the landing, profile, project, and lab pages for Labkind, a web app for researchers.

Tutor other design students in various software, including Illustrator, After Effects, InDesign, and HTML/CSS/JS.

Self-directed project: a deck of playing cards featuring threatened animal species.
